## EXPERIENCE

### Quest Global, Thiruvananthapuram — Software Tester

November 2021

## SUMMARY

2 years of experience in Manual and Automation testing along with good exposure in core java, Agile Methodology and Selenium. Experience in Functional Testing, Integration Testing, Regression Testing, Black Box Testing and Unit Testing. Adept at participating in Agile ceremonies and utilizing Jira, Jenkins, and Maven for effective project management and continuous integration. Seeking for a position that will enhance my technical skill, providing me a scope for my career growth by effectively using the knowledge and skills gained.

## PROJECTS

### Japan OEM - Employee management and Relationship

**Tool** — Eclipse - Maven, Selenium WebDriver - TestNG, POM, Data Driven/Hybrid Framework, version control - GIT, CI/CD - Jenkins, Agile

Develop and Execute test plans and test cases to ensure the quality of software application. Hands-on experience in Maven, Git and Jenkins. Experience with page object Model design pattern with page factory. Experience in Data Driven Framework Involved in Automation scripting, selection of test cases suitable for automation. Worked on Agile Methodology. Performed Functional and Regression Testing. Involved reviewing Test Scenario and Defect Report Reporting and tracking bugs using JIRA. Performed Cross Browser testing, Parallel Testing, Data Provider, Grouping of test cases. Used Extent Reports to generate the test report.

### Japan OEM - TCMS HMI Testing

— Redmine, Tortoise SVN, WinSCP

Understanding the Client Requirements and functionality of the system. Preparation of the test cases as per requirement and Execution of TCs in virtual Machine. Preparing Defect Report and assigning the defects to developers using Redmine project management tool. Involved in System and Functional testing. Retesting the TCs where the defect has been raised. SVN was the version control system used for the project.

## SKILLS

- Automation Tool - Selenium
- Framework - POM with Page Factory
- Unit Testing Framework - TestNG
- Project Build Tool - Maven
- Language - Core Java
- Version Control - GIT, SVN
- Project Management Tool - Jira, Redmine
- Software Development Methodology - Agile - Scrum
- CI /CD Tool - Jenkins
- Microsoft SQL
- Apache POI
- Mobile/ Android Automation - Robot framework, using Appium and Selenium
- Basics of Web Design - HTML, CSS, js

## EDUCATION

- ❖ Kerala Technological University  
B-Tech - ECE  
7 CGPA

## LANGUAGES

- Malayalam - Native language
- English - Professional working proficiency
- Hindi - Limited Working Proficiency
- Arabic - Limited Working Proficiency
